

A successful start to the summer...

Reflecting back on the first half of the summer, Golf with Burning2Learn has been a real hit and we have received some great feedback on our style of coaching, quoting that we have been really enthusiastic and the sessions delivered have been fun, safe and powerful!

Having only started halfway through June, Burning2Learn have already taught over 250 students in just 4 weeks! We have been so impressed with how well schools have welcomed Tri-Golf and Golf Extreme into their PE lessons that Golf Professional Mark Spratt committed himself to coaching with Burning2Learn throughout the summer holidays and the next school year.

Burning2Learn Golf Coaching has taken place across Kent, from Canterbury where we attended a sports week with Whitstable Endowed Primary School, a fantastic event that was enjoyed by all, and some real sporting potential. Staying in the Canterbury area, St Joseph's Primary School in Aylesham, invited Burning2Learn to deliver Tri-Golf sessions to their year 5/6 class which is going really well with all students showing a real interest in the game.

Burning2Learn Golf Coaching has also been working with the Howard School Sports Partnership to deliver golf sessions at Upchurch River valley Golf Club, Rainham. This finished last week and proved to be a massive success, with every adult and student not wanting their lessons to finish.

With all this happening it is hard to imagine that we have also been teaching in North Kent, namely Anthony Roper Primary School, Sevenoaks Primary School and Rowhill school.

The summer has started with a real buzz and we want it to continue! If you are part of a School Sports Partnership, a teacher looking to add something a bit different or a business looking to support something that offers so much to the sportsmen and women of the future then please get in touch at,
